

## *Glacier Twins American Legion Baseball*

The Glacier Twins youth baseball program (for youth 16 thru 19 yrs of age) hang and remove Christmas Garland throughout the business districts of both Whitefish and Columbia Falls, as well as many private residences. This is a major fundraising project designed to offset a large share of the operating costs needed to run the Glacier Twins Baseball program each year. Twins players work in small teams on this project to earn credits that are then applied toward their annual goal required to participate in the Twins program.

The fresh evergreen garland and wreaths are hung and/or delivered in November under the direction of Glacier Twins coaches, board members and parents. They are then removed in mid-January in Columbia Falls and in Whitefish following the annual Winter Carnival. Your participation in this fundraiser is greatly appreciated by the young men that represent both communities. The Twins Board of Directors thank you as well for your participation in this project.

Visit [www.glaciertwinsbaseball.org](http://www.glaciertwinsbaseball.org) for game schedules, events, player bios, board contact info and more!
